

# YES LEADer Profile

**Name: Griffin Mills**

**School: Norwich High School**

**Grade: 11**

**Number of years in this club (including this year): 2**

- **Why did you choose to become a YES LEADer?**

**As being a high schooler, I have seen the effects that drugs, alcohol and tobacco can have on your body and I want to be a positive influence on younger kids so that will never be a priority of that in their lives**

- **Returning LEADers: What was your favorite part of YES LEADS last year?**

**Doing a presentation last year and seeing the reaction on kids faces when they truly understand the effects these chemicals can have on you**

- **Why do you think it's important for children to make safe choices?**

**Once you make one decision it is more likely you will make that decision again. Your brains aren't fully grown until early in your adulthood and chemicals that come from these substances can alter and change the way your brain works**

- **What are three of your hobbies?**

**Football, fishing/hunting, camping**

- **What's the best movie you've seen in the past year?**

**A Star is Born with Bradley Cooper and Lady Gaga**

- **If you could meet anyone (past or present) who would it be any why?**

**Carson Wentz. Yes he is the starting quarterback for my favorite football team, Philadelphia Eagles, but more importantly back in 2017 he started a program called the AO1 foundation which takes underprivileged youth, physically disabled, and military veterans to be involved in outdoor and wildlife activities**
